## **REQUEST FOR QUOTATION**

**Montostal Sp. z o. o.** invites you to deliver bids supplying set of strand jacks appropriate with Heavy Lifting technology. The purchase will be realizing in terms of project called “Purchase of innovative in world’s scale Heavy Lifting technology in order to assembly of bridges and steel constructions increasing competitiveness Montostal Sp. z o.o. company on the international market”, co-financed from European Union funds in terms of **Regionalny Program Operacyjny Województwa Zachodniopomorskiego**.

### **I. CONTRACTOR**

**Montostal Sp. z o. o.**

ul. Energetyków 9, 70-656 Szczecin

tel.: + 48 91 462 40 88

TIN: 8520400483

REGON: 005453947

KRS: 0000181194

### **II. LOCATION OF PUBLICATION THE CONTENTS OF REQUEST FOR QUOTATION**

1. Contractor’s headoffice.
2. Contractor’s website [www.montostal.szczecin.pl](http://www.montostal.szczecin.pl).

### **III. THE DESCRIPTION OF THE CONTRACT**

1. The object of the order is the service of delivering the set of strand jacks appropriate with Heavy Lifting technology with specification given below:

**Four hydraulic strand jacks. Approximate parameters:**

Capacity	1000 kN
Working pressure	210 bar
Device weight	850 kg
Strand diameter	18 mm
Number of strands	7
Jack stroke	480 mm
Anchorage weight	110 kg

**Four hydraulic power packs. Approximate parameters:**

Reservoir	60 liters
Efficiency	16 liters/minute
Power of electric motor	7,5 kW
Weight	190 kg

**Digital control system. Approximate parameters:**

Indicator of load and stroke for each jack  
Overload alarms  
synchronization between all jacks  
Automatic cycles of lifting and lowering of load  
Electric overcharge protection  
Ability to work with at least 4 jacks  
Safe data saving in case of power supply failure  
Uncomplicated software

**18mm strand coil (1714m)**

**Strand dispenser**

**Set of spare parts (5m hydraulic hoses for one jack, one 25m data cable, set of extra wedges for one jack)**

2. CPV: 42400000-0 – Lifting and handling equipment and their parts.

**IV. THE DATE OF ACCOMPLISHMENT OF THE ORDER**

The deadline is 30.09.2012.

**V. CONDITIONS OF TAKING PART IN REQUEST FOR QUOTATION**

1. Bidders who may apply about the contract:
  - a. Are not limited by law in scope of realization of this order.
  - b. Having necessary knowledge, experience and technical potential to accomplish the contract on time.
2. Are not financially and personally connected with the Contractor.

**VI. HOW TO PREPARE THE BID**

The bid should include:

1. The Bidder's name and address.

2. Contact data (phone number, email).
3. Equipment specification.
4. The price for accomplishment given in PLN or EUR as net value+VAT.
5. The date of preparing the bid.

## **VII. THE PLACE AND DATE TO DELIVERING THE BIDS**

1. The bids should be submitted to the Contractor until 16.05.2012, 12:00 p.m. local time.
2. Incom of the bid is regarded as delivery.
3. The bids can be send by email or faxed.
4. Bids received after the deadline will be rejected.

## **VIII. THE CRITERIA OF EVALUATION OF THE BIDS**

1. The best bid will be chosen by:
  - a. Price.
  - b. Equipment evaluation in terms of technical and technological innovative solutions.
2. The bids will be evaluated by 3-person jury. Each member of jury may give from 0 to 30 points, which means the Bidder can be given from 0 to 60 points score. Choosing the best bid the Contractor will take into consideration the criteria below:

CRITERIA 1 - PRICE (K1) - prices will be put in order from the lowest to the highest. Points will be given as below:

- a. 1 place – 10 points,
- b. 2 place – 5 points.
- c. 3 and next places – 0 points.

The score achived given by one of the members of the jury contains in the scale from 0 to 10.

CRITERIA 2 - EQUIPMENT EVALUATION IN TERMS OF TECHNICAL AND TECHNOLOGICAL INNOVATIVE SOLUTIONS (K2)

The score achived given by one of the members of the jury contains in the scale from 0 to 10.

CRITERIA 3 – THE COST OF MAINTENANCE AND SERVICE

The score achived given by one of the members of the jury contains in the scale from 0 to 10.

ROZWOJU REGIONALNEGO

The final score will be calculated in formula given:  $O_k = K1 + K2 + K3$

Symbols mean:

$O_k$  – the final score

K1 – the score given by 3 members of the jury - criteria price

K2 – the score given by 3 members of the jury - criteria equipment evaluation in terms of technical and technological innovative solutions

K3 - the score given by 3 members of the jury – criteria the cost of maintenance and service

3. After verification of bids by the Contractor the best one will be chosen. The Bidder who will meet all above-mentioned terms and will get the highest score will be chosen. If the Contractor will not be able to choose the most attractive bid because of two or more bids with the same scores, the Contractor will choose the one with the lowest price. If the Contractor and chosen Bidder will not cooperate, the proposal will be presented the Bidder whose bid was the second score.

Vendor protests and recalls will be rejected.

If the price do not meet the budget, the bid will be rejected.

## **IX. THE INFORMATIONS ABOUT THE CHOICE OF THE BEST BID**

The information will be given on the company's website [www.montostal.szczecin.pl](http://www.montostal.szczecin.pl).
